will not be at all surprising to see Princeton reverse the verdict in another engagement scheduled to take place next Friday at Princeton, for the advantage of home conditions must pass from the Blue to the Orange and Black and it may

In water pole the situation has been changed so often of late by unexpected osses of star players that predictions pears the logical choice for laurels, even though the Columbia team must be con-ceded to have a fighting chance. The individual championship water

carnival at Princeton should be featured by remarkably good competition. Unlike last year, when the unquestionable all round superiority of Herbert Vollmer of Columbia, a world's record holder in free style swimming, made it virtually a foregone conclusion he would capture every little race in which he started, there is no candidate this season who stands out conspicuously above all ri-

Carl Georgi of Princeton was heraided last fall as the coming all round champion and has been credited with shattering in practice every national shattering in practice every national collegiate swimming record. But sickness shut him out of activities before he was able to do any racing and not until a few days ago did he appear in competition. He did not then live up to his past form and he met defeat, but that was a week ago and he may round into shape in time to fulfil the promise of his early work. It is solely a matter of condition with him. He has the speed.

GEORGI MAY CAUSE UPSET

The Eastern collegiate season in water sports is fast drawing to a climax. The league dual meets of the next few days will serve to decide the team championships in both swimming and water polo and the individual filles will be competed for in the Brokaw Natatorium at Princeton on March 23.

The race for team laurels in swimming has narrowed down to a fight between Yale and Princeton, and the final dash for supremacy promises to be wonderfully close and interesting. Yale assumed the lead in a recent clash with the Tigers at New Haven, but the victory was due to a two foot victory in the life of the fannous sport deviled to the at all surprising to see Princetor reversed to saving and color to the surprising to see Princetor reversed the lead in a recent clash with the Highly rewarded relay race, and it will not be at all surprising to see Princetor reversed to saving and out to the track support of the lead on the final dash for supremacy promises to be wonderfully close and interesting. Yale assumed the lead in a recent clash with the Highly rewarded relay race, and it would be imports at so carly a date. With the first thus Superintendent John Brennan got business and never watch the clock."

The fact of the recipied of the game and attention to business make his task much leasier. "Without them it would be imports at so carly a date. With the first hump staff," said Flizzimmons yesterday. "They work consciously, know their business and never watch the clock."

He treats all of his employees like pended on his work, he was up before the form that the first family. They are estimated to the form of the family. They are estimated to the form of the family. They are estimated to the form of the family. They are estimated to the form of the family. They are estimated to the form of the family. They are estimated to the form of the family and out on the track and files of the family of the family. They are estimated to the form of the family and out on the family and out on the family and pended on his work, he was up before daylight and out on the track getting it in shape for the thousand and odl horses which are stabled at the for-saken course.

It mattered not to him that the track

would be used only for training pur-poses and that there are to be no real contests held over it. Blue blooded and If the Elis win the coming contest, they will definitely capture the pennant, otherwise a tie will be established and a post season meet will be necessary to split it.

The water role the situation has been possible. And he set out to accomplish

That he succeeded was the decision of every trainer stabling at the course. In their opinion it was better even than Helmont Park, Jamaica, Aquestuct or Empire City, at which rich and historic stakes will be decided within a few months. As a result of his labors the horses at Gravesend are said to be further advanced in their training than those which wintered at other tracks, for the good "going" caused trainers to send their charges outdoors for more advanced work.

And judging by the way they went through their paces the thoroughbreds paratory to riding at the Maryland meets.

Tommy Rowan, his other apprentice boy, is at Hot Springs, but "Fitz" has several other good boys in his employ. Among them are Willie Murphy, a sixten-year-old lad from Sheepshead Hay teen-year-old lad from Sheepshead Hay the popular trainer is confident this lad will "make good." "The has a good seat and good hands and plenty of nerve and grit," said "Fitz." "If he keeps his head he will don colors this season." Eddio Kelley is another lad in the stable who will wear silks this season. He is also 16 years old and comes from

And judging by the way they went through their paces the thoroughbreds enjoyed the track immensely. They have done everything they have been asked to do and that is more than ordinary amount of work, for despite the fact that furs and heavy woollens have not been discarded yet they have breezed some fast quarters and have gone on several times that distance at a good seeing Kelley and Murphy, the evaluer who had charge of Foxhall Keene's horses two years ago, poked his head into one of Fitzsimmons's stables yesterday and seeing Kelley and Murphy exercising a couple of high spirited youngsters on the indoor track remarked. If see you've got a couple of Walls, Millers, McCarbys McCarthys and Davies done up in two packages in those two lads. If

be distributed through the commission with him. He with the cooperation of the Y. M. I. A. and othe organizations whose cooperation of the Y. M. H. A. and other organizations whose cooperation it enjoys. Details of the plan will be forwarded to members of the national association soon.

CUB MATCHES PLANNED

CAMBRIDGE, Mass., March 9 -- That Harvard will hold varsity crew races with Yale and Princeton is practically certain. After a meeting of the rowing authorities here last week it was announced that if satisfactory dates can be arranged with the two other colleges races will be arranged. As both Prince-ton and Yale have expressed desires to meet the Crimson there is practically

no doubt about the dates being satisfactory. In accordance with the general policy my staff," said Fitzsimmons yesterday.
"They work conscientiously, know their business and never watch the clock."
He treats all of his employees like members of his family. They are esof curtailing an elaborate intercollegiate programme during the war time, no races will be scheduled by Harvard with other universities. Though as yet no date has been set for either of the con-tests, it is expected that Harvard will meet Princeton shortly after May 1 and Yale later in the same month. Neither members of his family. They are especially fond of their boss and respect and obey him.

At his stable yesterday was little Georgie Walls, the youngster he developed last season into one of the best lightweight riders in the country.

This spring Harvard parsmen will be Georgie returned to Brooklyn after several months in the hospital, where he was sent after his accident at Laurel last fall. The jockey has recovered without the active services of Coach R. F. Herrick, '90, leader of the crew work at Cambridge, originator of the present last fall. The jockey has recovered from his injury, but "Fits" confines Georgie's work to exercising his old varsity rowing system, and coach of the varsity eight which set up the record of 29 minutes and 2 seconds on the Thames course with Yale in 1916.

pony Happy. After a few weeks of this sort of training Walls will be put up on some of the thoroughbreds pre-paratory to riding at the Maryland Although Coach Herrick will retain his position as member of the rowing committee, which regulates the general crew policy, he will be unable to devote any time to a more personal supervision of the crews.

The real training of the oarsmen will be in charge of Coach William Haines, who has been Mr. Herrick's lieutenant for the past two years, and who directed the freshmen and club crews last fall. He will be assisted, as in the fall, by Coaches Brown and Man-ning, and if his time permits, by A. E.
